Subject Re:

My initial purpose was to bring a few copies of the Bristol Bay Ex Summary to the Homer Library. Then I talked with Tara and Devony about the wetlands work and will meeting with them. Then I added a quick stop to find a place where I can see if Don Brown's gravel pit may have been the source of the Two Moose Creek problems. You are welcome and it would probably be good to involve you in the wetland work discussions.

Forgot to ask you if your Homer trip is anything I should be aware of.....  
I'm supposed to be in Seward tomorrow but would gladly change my schedule if there's something interesting going on in Homer..... :-)
